ARE YOU A HEALTHY PERSON BETWEEN 18 AND 55 YEARS OF AGE?

You may be eligible to participate in a research study to evaluate an HIV vaccine being developed to prevent HIV/AIDS. This vaccine is being tested among people without HIV. The study will examine the safety of the vaccine and will assess how your immune system responds to it. You will be compensated for all study visits. This study is being conducted by the faculty and staff of the Emory Hope Clinic (part of the Emory Vaccine Center), located at 500 Irvin Court, Suite 200, Decatur, GA 30030.

Call 877.424.HOPE (4673) to learn more.
